

Drawing Objections

The drawings were objected to because reference character "124" in figure 11 referred to both "cjOut" and "DrvQueryDeviceSupport function." Applicants propose correcting the drawings by referring to the "DrvQueryDeviceSupport function" using reference numeral "123."

Regarding a similar duplication, Applicants note that reference numeral "114" was also duplicated in FIG. 11. Applicants suggest renumbering the first instance (referring to the "pso" field) to "113." Thus, the pso field becomes "113" instead of "114."

As described above, the specification has been correspondingly amended. A replacement figure that includes the proposed changes is included for the Examiner's approval.

The Commissioner is hereby authorized to charge any additional amount required, or credit any overpayment, to Deposit Account No. 19-2112.

Respectfully submitted,
